

WEEKLY ROUND-UP

BLYTHE BRIDGE HIGH SCHOOL & SIXTH FORM

JANUARY 2023 - ISSUE 84

U13 GIRLS WINNERS

On Saturday our U13 girls 6 a-side winners were invited to watch Stoke City v Reading. The girls were invited onto the pitch to receive their trophy. It was great to see their faces on the big screen and we would like to thank Stoke City FC for the trophy and a great afternoon.

Stoke winning helped to make it even better!

IN THE HOT SEAT

Under the watchful eye of our former headteachers, Mr Leese and Dr Mitchell hosted this week's In the Hot Seat on Monday. They enjoyed discussing the achievements and interests of our nominated students. Well done to you both.

WELCOME

This week, we have held our annual careers week. Every year it expands to include additional activities and talks from a wider range of partners. Evening sessions for parents/carers have increased in popularity this year with three or four being offered each night. There was great feedback from the Year 11-13 students about the assembly on Monday delivered by ASK apprenticeship. The finale to the week has been today's career fair, attended by almost 40 organisations, including employers, training providers and universities.

Mrs Johnson

#PRIDERESPECTKINDNESS

ASK APPRENTICESHIPS

On Monday, Alice from ASK Apprenticeships helped to launch our careers week by delivering an assembly to all Year 11, 12 and 13 on pathways involving apprenticeships. Our students had requested more information on what apprenticeships are and how they could find out more about the application process. This was a great success working with one of our partners to support them.

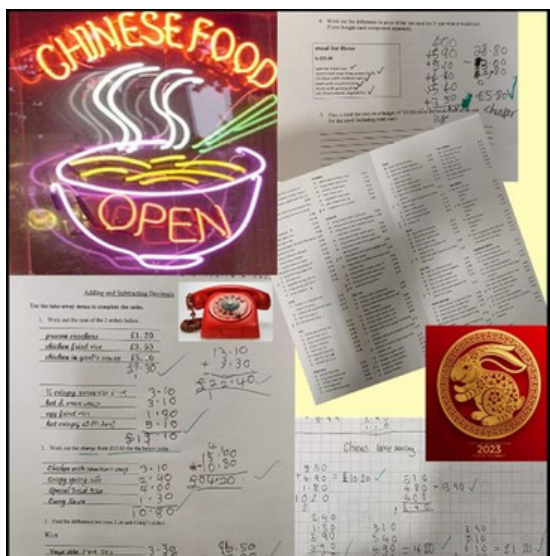

MATILDA SNEEK PEEK

A few more pictures from our latest Matilda rehearsal.

Tickets for the show on 1st, 2nd & 3rd March are available on ParentPay: £6 for adults, £4 for children under 16.

YEAR 7 MATHEMATICIANS

Some of our Year 7 mathematicians worked on a Chinese New Year themed lesson last week by simulating the role of working in a restaurant where they had to take orders and calculate the total bill, whilst under time constraints. To accompany this, they were presented with a mixture of money problems relate to reading from a menu..

SPRINGPODS WORK EXPERIENCE

A huge well done to Milly on her successful completion of Springpods virtual work experience on health and social care careers within hospitals in Stoke on Trent and Staffordshire.

It is fantastic to see our students aiming high in their career aspirations, whilst developing their listening and leadership skills. We look forward to supporting more of our health and social care students in pursuing their aspirational careers.

ENTRUST MUSIC

MOORLANDS MUSIC CENTRE is back on Saturday! 9am for choir (ages 7-18) and 9.45-11.45am for our instrumental groups. Email dan.hollingshurst@entrust-music.co.uk for full details of all of the FREE groups. Beginners, Intermediate, Advanced - there are groups for all young musicians aged 7-18...meet new friends and super-charge your music-making for 2023.

All students having instrumental lessons through school are encouraged to attend this fantastic opportunity!

Did you know that more than 80 percent of the ocean has never been mapped, explored, or even seen by humans?

A far greater percentage of the surfaces of the moon and the planet Mars has been mapped and studied than of our own ocean floor.

Find out more about the world's ocean in this week's "Did you know ...?" by clicking on the Latest News tab on the FROG homepage.
