1.5 This policy applies to all schools within the JTMAT

2. Principles and Ethos

2.1 Excellent school attendance, high expectations and future prospects

JTMAT considers excellent school attendance as paramount to students achieving their full potential and therefore, enhancing lifelong outcomes. It is central not only, to academic attainment but in developing socially, morally, ethically and in enhancing well-being. It is with this in mind, that we set expectations of excellent attendance for all of our students.

Evidence shows students with excellent school attendance are more likely to reach higher standards of achievement and be at less risk of exposure to crime and other safeguarding risks.

Excellent attendance is a learned behaviour. Therefore, we place equal importance on high attendance and excellent punctuality to all our students, including those who are not of statutory school age (appendix B).

We believe that excellent attendance and punctuality in the early years of school develops and establishes attitudes towards school attendance which impacts on future school attendance and ultimately academic success and social and emotional well-being. Similarly, excellent attendance and punctuality post 16 establishes and develops attitudes towards attendance in the workplace and thus lifelong achievements.

Therefore, each child enrolled at each of our schools is expected to attend every day, on time so that they can achieve their full potential. We monitor and manage attendance and punctuality across all year groups according to this policy and statutory guidance. It is acknowledged however, that parents of children who are not of statutory school age cannot be subject to legal processes if their child has poor school attendance.

Department for Education – ‘Working together to improve school attendance’ September 2022

The students with the highest attainment at the end of key stage 2 and key stage 4 have higher rates of attendance over the key stage compared to those with the lowest attainment. At KS2, students not meeting the expected standard in reading, writing and maths had an overall absence rate of 4.7%, compared to 3.5% among those meeting the expected standard. Moreover, the overall absence rate of students not meeting the expected standard was higher than among those meeting the higher standard (4.7% compared to 2.7%). At KS4, students not achieving grade 9 to 4 in English and maths had an overall absence rate of 8.8%, compared to 5.2% among those achieving grade 4. The overall absence rate of students not achieving grade 9 to 4 was over twice as high as those achieving grade 9 to 5 (8.8% compared to 3.7%)

For the most vulnerable students, regular attendance is also an important protective factor and the best opportunity for needs to be identified and support provided. Research has shown associations between regular absence from school and a number of extra-familial harms. This includes crime (90% of young offenders had been persistently absent)³ and serious violence (83% of knife possession offenders had been persistently absent in at least 1 of the 5 years of study)

2.2 Attendance is everyone’s responsibility

Securing excellent school attendance and promoting the importance of such, is the responsibility of the whole school community. This includes, but is not limited to; JTMAT CEO and Board, Trust

Strategic Attendance Manager, Trust Attendance Support Officer, school staff (teaching and support), governors, parents, carers and the students themselves. Each school ensures that each member of the school community understands their attendance roles and responsibilities, is consistent in their communication with parents and students and receive the relevant training required to support excellent attendance and is consistent in their communication with parents and students.

Each school has a named senior leader responsible for the strategic lead of attendance and a named link governor.

2.2.1 Specific Responsibilities

CEO and Trust Board – including but not limited to

- Recognising the importance of school attendance and promoting it across the school's ethos and policies.
- Ensuring school leaders fulfil expectations and statutory duties.
- Regularly reviewing attendance data, discussing, and challenging trends, and helping school leaders focus improvement efforts on the individual students or cohorts who need it most.
- Ensuring school staff receive adequate training on attendance.
- Sharing effective practice on attendance management and improvement across schools.
- Providing support, challenge and accountability to the Trust Strategic Attendance Manager regarding attendance across the Trust.
- Having an understanding of the attendance trends across the trust and the actions in place to improve/sustain high attendance including for vulnerable groups.
- Having an understanding of trust attendance performance in comparison to national averages and progress towards targets.
- Receiving regular reports on an attendance from the Trust Strategic Attendance Manager.

Trust Strategic Attendance Manager – including but not limited to

- Providing strategic leadership across the Trust on the national attendance agenda and leading on the development of, and compliance with, the Trust's Strategic Plan for Attendance
- Leading on a strategy that supports students and families to ensure at least good attendance and tackle barriers to attending across the Trust, it's schools, specific cohorts of students and individual students.
- Ensuring that each school in the Trust consistently implements current statutory guidance, legislation, JTMAT Policy, procedures and ethos
- Advising and guiding the CEO, school staff and parents/carers
- Developing, implementing, monitoring and reviewing the Trust's Strategic Plan for Attendance
- Setting and monitoring overall Trust and individual school targets for attendance including vulnerable groups
- Holding schools within the Trust to account for compliance with attendance policies, processes and strategies.
- Accountable for attendance data, developing and implementing robust data collection and analysis to identify attendance patterns and trends, providing recommendations on action.
- Designing and implementing systems for monitoring compliance across the Trust
- Reporting to the CEO, Trust Board and other relevant groups within the Trust

Trust Attendance Support Officer – including but not limited to

- Understanding the Trust Strategic Plan for Attendance and supporting the Trust Strategic Attendance Manager in its development, implementation and review.
- Promoting positive attitudes by students and families towards education
- Engaging with and supporting students and families in overcoming barriers to attendance/punctuality, using innovative strategies.
- Visiting and working with families in order to pursue concerns about attendance and other welfare issues. During such visits, formulating strategies, as appropriate, to the family.
- Facilitating effective partnerships between students, parents/carers, families, the school and external agencies.
- Liaising between student's home and school involving other support agencies as appropriate, including social services, education, psychologists, medical and counselling services.
- Providing students, parents/carers and schools with an effective advice and support service to develop best practice.
- Advising school staff and parents/carers on the implications of attendance legislation
- Developing and reviewing Attendance Action Plans/Parenting Contracts to support the improvement of student attendance/punctuality
- Supporting schools in innovative strategies of rewards, incentives and competitions to encourage good attendance

Governing Bodies and Link Governors – including but not limited to

- Providing professional support, challenge and accountability to the Head Teacher/ School Strategic Lead for Attendance regarding attendance
- Having an understanding of the attendance trends across the school and the actions in place to improve/sustain high attendance including for vulnerable groups.
- Having an understanding of school attendance performance in comparison to national averages and progress towards targets.
- Receiving regular reports on an attendance from the Head Teacher/School Strategic Lead for Attendance.
- Ensuring the consistent implementation of this policy and that it does not discriminate on any grounds.
- Handling any complaints regarding this policy in line with the school's complaint procedures.

Head Teacher and School Strategic Lead for Attendance – including but not limited to

- The day-to-day implementation of this policy and attendance management procedures
- Ensuring all staff, parents, carers and students are aware of the school's attendance expectations
- Monitoring attendance data and identifying trends (including for vulnerable groups and individual students)
- Developing, implementing and reviewing strategic approach and action plans to address areas of development/improving attendance
- Monitoring the impact of attendance interventions
- Ensuring the effective deployment of resources to promote excellent attendance across the school, vulnerable groups and for individual students
- Ensuring the accurate and timely reporting of attendance data to the Trust Strategic Attendance Manager

- Ensuring that relevant staff with key responsibilities (eg PP, EAL, SENDCOs, heads of year etc) are aware of attendance performance and are accountable for excellent attendance within their areas of responsibility
- Communicating with students and parents regarding attendance, including individual student attendance
- Ensuring that parents are aware of their legal duty to ensure that their child attends school regularly to facilitate their child's legal right to a full-time education
- Informing the LA of CME, PPOE and students being deleted from the admissions register

Parents/Carers– including but not limited to

- Providing up to date and accurate contact information
- Providing the school with more than one emergency contact
- Ensuring that their child(ren) attend school regularly and have excellent school attendance
- Not taking their child(ren) out of school during term time for holidays
- Informing the school of their child's absence on the first day of absence
- Keeping in regular contact with the school during a period of absence
- Contacting the school for support if school attendance/punctuality is a challenge

2.2.2 The law on school attendance

Parents have a legal responsibility to make sure that their child receives an education at school or by education otherwise than at school. Where parents decide to have their child registered at school, they have an additional legal duty to ensure their child attends that school regularly. This means their child must attend every day that the school is open, except in a small number of allowable circumstances such as being too ill to attend or being given permission for an absence in advance from the school. Department for Education – 'Working together to improve school attendance' Sept 2022

2.2.3 Both parents, with parental responsibility, are equally liable for ensuring that their child attends school regularly and on time, regardless of who the child resides with or who is the main carer. Therefore, they may both be contacted when deemed necessary in managing attendance and punctuality. Similarly, where it is necessary to enforce statutory action (such as issuing of Fixed Penalty Notices) both parents will be liable.

Students – including but not limited to

- Attending lessons and off-site activities as arranged by the school
- Being punctual to lessons
- Talking to an adult in school if they find attending school/being punctual a challenge

2.3 Attendance is integral and linked to all aspects of school life

Schools in the JTMAT promote excellent attendance in the first instance by ensuring that students and their families are provided with an environment where they feel safe, included, valued, supported and are inspired by an accessible and innovative curriculum. We recognise that excellent attendance is integral to the school's ethos and culture and that approaches to the curriculum, behaviour management, well-being, inclusivity and attendance are all inextricably linked and impact upon one another.

2.4 Culture of support and inclusivity

Where there are concerns about a child's attendance or attendance is a challenge, it is our aim to work with our students and their families in a supportive manner to improve attendance by

removing any barriers. The JTMAT and our schools recognise the importance of building strong relationships with our students and their families.

Where a student has a medical condition (physical or emotional), a disability, a special educational need or indeed any other factor which may present a barrier to attendance we uphold our expectation of excellent attendance. We endeavour to work with these students and their families, considering their individual needs, in order to make reasonable and supportive adjustments to facilitate excellent school attendance.

Where parents are facing challenges in getting their child to attend school they should contact the school in order to seek support and resolve any potential underlying issues so that attendance can be improved. Older students are encouraged to be proactive in speaking to a trusted adult in school, should they have concerns about attending school.

Offering bespoke, individual support, encouragement and making reasonable adjustments to facilitate excellent school attendance, for those facing challenges or overcoming barriers, is always our priority.

2.5 Use of resources

As part of our commitment to promoting excellent school attendance, schools ensure that attendance support and improvement is appropriately resourced. This may include both financial (for example, effective use of student premium funding) and human (deployment of senior leaders, attendance and pastoral staff, external agencies and professionals) resources.

2.6 Celebrating and Incentivising Excellent and Significantly Improved Attendance

Each school has individual ways of promoting and incentivising excellent and significantly improved attendance. All schools will demonstrate the benefits of excellent school attendance throughout school life (For example, through displays, assemblies, registration periods and where appropriate through praise and reward to year groups, classes and individual students)

2.7 Our Commitment

We are committed to:

- Promoting and modelling high attendance and its benefits.
- Ensuring equality and fairness for all.
- Intervening early and working with other agencies to ensure the health and safety of our students.
- Building strong relationships with families to overcome barriers to attendance.
- Working collaboratively with other schools in the area, as well as other agencies.
- Ensuring parents follow the framework set in section 7 of the Education Act 1996, which states that the parent of every child of compulsory school age shall cause them to receive efficient full-time education suitable to their age, ability and aptitude, and to any SEND they may have, either by regular attendance at school or otherwise.
- Ensuring our attendance policy is clear and easily understood by all staff, parents and students.
- Regularly monitoring and analysing attendance and absence data to identify students or cohorts that require more support.
- Working across schools, MATS and LAs to share expertise and collaborate on interventions.

3. Definition of Excellent Attendance and Categories of Absence

We aim for **ALL** our students' attendance to be in line or above national averages - **no more than 6 days absence in any one year.**

97% and above	95% to 97%	Less than 95%	Less than 90%	Less than 50%
Excellent	Good	Concerning	Persistent Absence/Critical	Severely Absent/Critical
No more than 6 days/12 sessions absent in a year	No more than 10 days/20 sessions absent in a year	More than 10 days/20 sessions absent in a year	19 days/38 sessions or more absent in a year	95 days/190 sessions or more absent in a year

Days off school add up to lost learning

175 NON SCHOOL DAYS A YEAR

175 days to spend on family time, visits, holidays, shopping, household jobs and other appointments

Lost Learning

Surely 1 or 2 days absent a week doesn't seem much but this is how it is..

If your child misses...	That equals...	Which is...	And over 13 years of schooling that's...
1 day per fortnight	20 days per year	4 weeks per year	Nearly 1 ½ years
1 day per week	40 days per year	8 weeks per year	Over 2 ½ years
2 days per week	80 days per year	16 weeks per year	Over 5 years
3 days per week	120 days per year	24 weeks per year	Nearly 8 years

If your child is late 10 minutes a day - surely that won't matter or affect my child..

Only missing just..	That equals..	Which is...	Over 13 years of schooling that's...
10 minutes per day	50 minutes per week	Nearly 1 ½ weeks per year	Nearly ½ a year
20 minutes per day	1hour 40minutes per week	Over 2 ½ weeks per year	Nearly 1 year
30 minutes per day	Half a day per week	4 weeks per year	Nearly 1 ½ years
1 hour per day	1 day per week	8 weeks per year	Over 2 ½ years

NB

- 1 day = 2 sessions
- There are 365 days in a year, students should attend 190 days – every day school is open.
- Being late (after the registers have closed) counts as an absence.

4. Authorised and Unauthorised Absence from School

The law states that '*children must attend every day that the school is open, except in a small number of allowable circumstances such as being too ill to attend or being given permission for an absence in advance from the school*'. Department for Education – 'Working together to improve school attendance' Sept 2022

Absence from school falls into 2 categories – authorised and unauthorised. Only the school can authorise an absence, not parents or carers.

An **authorised absence** is where

- 1)) a child is too ill to attend school (as per UK Health Security Agency guidance – see appendix D) and
 - after a period of 5 days medical evidence has been provided.
 - for a child who has already been absent from **school for 6 days or more** and medical evidence is provided.
 - medical evidence is provided for absence immediately before or after a period of school holiday.
 - medical evidence is provided where there is a regular pattern to illness absence.
- 2) Evidence is provided for exceptional medical appointments.
- 3) The absence is unavoidable and exceptional.
- 4) A leave of absence for exceptional circumstances has been granted by the school.

An **unauthorised absence** is where

- 1) the school considers that the student was well enough to attend school but did not (for example the reason for illness absence is not listed by UK Health Security Agency guidance)
- 2) medical evidence is not provided for an illness absence of **school for 6 days or more.**
- 3) medical evidence is not provided for a child who has already been absent from **school for 6 days or more.**
- 4) medical evidence is not provided for illness absence immediately before or after a period of school holiday.

- 5) medical evidence is not provided where there is a regular pattern to illness absence.
- 6) the school considers that the absence was not unavoidable or exceptional.
- 7) a leave of absence request is declined but still taken (this includes holidays in term time).
- 8) Reasons for absence have been falsified.

Further details of authorised and unauthorised absence can be found in [appendix C](#).

4.1 Illness

All students should attend school unless they are too ill to do so. Illness may be either a physical illness or a mental health/emotional wellness issue.

However, illnesses may not mean a child cannot attend school. Schools and parents are asked to refer to the UK Health Guidance 'How long should you keep your child off school' ([appendix D](#))

Where a child requires medication throughout the school day to enable them to attend school parents/carers should liaise with the school who may make suitable arrangements in line with the school's policy and procedures. If there are circumstances affecting a child's health and ability to attend school parents/carers should again liaise with the school so that reasonable adaptations can be made (For example, in hay fever seasons it is not necessary to keep a child at home when school may be able to make adaptations).

Where a student has significant health or medical needs, schools may develop a personalised 'Health Care Plan' which it will implement to ensure that the student continues to have excellent school attendance.

Schools should authorise absences due to illness unless they have genuine cause for concern about the veracity of an illness. If the authenticity of illness is in doubt, schools can request parents to provide medical evidence to support illness. Schools can record the absence as unauthorised if not satisfied of the authenticity of the illness but should advise parents of their intention.

Medical evidence is required for periods of absence due to illness of **6 days** or more. Medical evidence for any absence due to illness may be required for students who have already been absent from school for **6 days or more**, regardless of the reasons for previous absence.

Medical evidence can take the form of prescriptions, appointment cards, etc. rather than doctors' notes.

All students should return to school as soon as they are well enough.

4.1.1 Students too ill to attend school and the Local Authority

*Where it is clear that the child will be away from school for **15 days** or more, whether consecutive or cumulative, the local authority must arrange suitable full-time education (or as much education as the child's health condition allows) for children of compulsory school age who, because of illness, would otherwise not receive suitable education. – DFE 'Ensuring a good education for children who cannot attend school because of health needs. Statutory guidance for local authorities' January 2013*

4.2 Other absences

There are very few circumstances where other absence from school will be authorised.

4.2.1 Medical Appointments

Parents and carers are asked to make routine medical, dental and opticians outside the school day. Parents will be asked to provide evidence of medical appointments which fall inside the school day.

4.2.2 Hospital Appointments

Parents will be asked to provide evidence of hospital appointments which fall inside the school day. Parents should avoid taking the child out for the entire school day for an appointment when it is practical for them to attend for part of the day. If the school considers that the child could have attend for part of the day but is absent for the whole day a proportionate unauthorised absence will be recorded.

4.2.3 Requests for Leave of Absence – exceptional circumstances

Requests for leave in exceptional circumstances should be made at **least 2 weeks in advance** of the event and in writing using the Leave of Absence Request Form given in **appendix E**. Retrospective approval for absence cannot be granted. Parents do not have the right of appeal if a request for a leave of absence is declined, the headteacher's decision is final.

Leave of absence will NOT be granted for students who have already been absent from school for **6 days or more**, regardless of the reasons for previous absence.

Leave of absence will NOT be granted for students **when the requested leave of absence will mean that they have absence amounting to 6 days or more**.

Leave of absence will NOT be granted during periods of public examinations or internal school assessments.

Leave of absence will NOT be granted for holidays during term time regardless of circumstances.

Where leave of absence is NOT authorised and parents decide to take students out of school despite the school's decision, absence will be recorded as unauthorised and subject to a fixed penalty notice (fine).

If the school grants a leave of absence request and subsequently obtains evidence that indicates an application was falsified, the school reserves the right to amend the child's attendance records to record the absence as unauthorised and apply for the issuing of a fixed penalty notice.

Where a student fails to return to school after an agreed period of leave of absence, absence will be recorded as unauthorised, a fixed penalty notice (fine) requested, and they may be reported to the Local Authority as 'A Child Missing in Education' and potentially lose their place at the school.

Grounds for Deleting a Student from School register – DFE – 'Working Together to Improve School Attendance' Sept 2022

Ground F - a student has not returned following a leave of absence - regulation 8(1)(f)

170. Where a student has been granted a leave of absence (under regulation 7) and the student has not attended school within the **ten school days** immediately after the end of the period granted, and:

- the school does not have reasonable grounds to believe that the student is unable to attend because of sickness or an unavoidable cause; and
- the school and the local authority have jointly made reasonable efforts to find out the student's location, but they have not succeeded.

171. DfE's guidance on Children Missing Education sets out the expectations for schools and local authorities in respect of making reasonable enquiries.

Schools are under **no obligation** to provide work for students who are absent from school, unless parents/carers have received a licence from the LA for their child to take part in sporting/arts/theatre events as part of professional organisation, as detailed above.

Remote learning for students unable to attend school will only be provided in exceptional circumstances for a short period of time and as part of transition back into school full time.

Further information about authorised and unauthorised absences can be found in [appendix C](#).

5.0 Day to Day Procedures

5.1 Admissions Register

All students are placed on an admissions (school roll) and attendance register. The admissions register must include specific information [\(appendix F\)](#)

5.1.2 Expected First Day of Attendance

Students (both compulsory and non-compulsory school age) must be entered on the admissions register on the first day they are expected to attend. If a student fails to attend on the expected first day of attendance the school must strive to locate the student and establish the reason for not attending.

When a student is added to the admissions register (other than at the usual transition points, for example, students who are registered at secondary school at the start of year 7) the school must notify the LA within **5 days**.

5.1.3 Deletion of a student from the admissions register (removal from school roll)

There are specific circumstances where a student may be removed from the admissions register (school roll) [\(appendix G\)](#)

5.2 Attendance Registers

Schools must take an attendance register at the start of each morning session and once during the afternoon session. The school uses SIMs information management system to ensure the accurate recording of attendance information, the ease of data analysis and information sharing.

Attendance registers are legal documents and must be preserved for a period of **3 years**.

The school will use the national attendance codes (appendix C) to ensure attendance and absence are recorded in a consistent way.

Attendance registers should not be amended or altered unless the reason for absence is established after the register has closed. Any amendments to the register will include the original entry, the amended entry, the reason for amendment, the date of amendment and the name and role of the person who made the amendment.

Schools must include specific information in attendance registers (appendix H)

5.2.1 Morning Registration

The school gates open to welcome students at 8am and close at 8:50am. Students arriving after the gates have closed should report to the school office to sign in and provide reason for lateness. Students who are late, after the gates have closed, will be marked as late before the register closes (L code).

Morning registration is open from 8:45am. Students arriving after registration closes (after 8:55am), will be marked as late after register closes (U code). This is an unauthorised absence and negatively impacts a student's attendance percentage.

5.2.2 Afternoon Registration

Afternoon registration is open from 1:50pm. Students arriving after registration closes (after 2pm), will be marked as late after register closes (U code). This is an unauthorised absence and negatively impacts a student's attendance percentage

5.2.3 Lesson Registration

In secondary schools, attendance and punctuality registers are also taken for individual lessons.

Where a student is absent from lesson, they should be marked with a N code.

Where a student has been present during the day and not in lesson subsequently, staff should send an email alerting the absence to missing@

Pastoral managers to check lesson and check for truancy

Attendance officer to ring home if we cannot ascertain student's whereabouts

If student arrives late, staff to update register and missing@ email

5.2.4 Leaving The Premises During the School Day

Students who are authorised to leave the school premises must sign out at the school office providing the reason and the time out.

5.3 Notifying the school of your child's absence

Parents/carers have a legal responsibility to ensure their child attends school regularly however, if a child is unavoidably absent from school then parents/carers are expected to:

- Telephone the school office on the first day of absence, and on each subsequent day by 9am, to report the reason for the absence and the expected date of their child's return to school
- When requested, provide medical evidence or other appropriate documentation that supports the level of absence
- Provide an appointment letter or card to support any hospital or clinic appointment that takes place during school hours
- All students must attend morning registration in their Period 1 lesson at 8:45am
- Students arriving on site after 8:45am will have their name taken at the school gate. 2 lates in a week will acquire a 30 minute after-school detention. Failure to attend this detention will result in an after-school detention with the Head of Year.
- Students arriving after 8.50am need to report to school office, sign in and inform them of a reason for their lateness.
- All teaching staff must take an electronic register at the start of each lesson.
- Students arriving late to lessons must be registered as normal using the behaviour for learning scores and the number of minutes late entered into the system.
- Afternoon registration is taken as part of the Period 4 register. This must be completed at 1:50pm.
- Any student leaving school before the end of the school day must sign out at the school reception and show written reason why they are leaving school early.
- It is the responsibility of the parent/carer to make the school aware of a child's absence and the reason for it. Parents/carers should contact the school before the start of the school day and state why the child is absent and where possible for how long the absence will last. We ask that absences are reported daily. Parents must give detailed reasons for absence. For example, 'child has a throat infection/been sick etc' rather than just 'unwell/poorly'.

Where a child (including those of non-statutory school age) is absent from school and parents/carers have not contacted the school to inform them of the reason for absence the school will record an unauthorised absence and follow safeguarding procedures to ascertain the reason for absence and whereabouts of the student. This may involve the school making contact with parents and other named contacts on record. If by the third day of absence no contact has been made the school will carry out a home visit and report the absence as a safeguarding concern or to the police.

Where there are pre-existing concerns about the safety or well-being of a student the school may carry out a home visit on the first day of absence. Where there are serious concerns about the safety and well-being of a student whose reason for absence is not known the school may contact the police, local authority or social services.

In order to carry out safeguarding responsibilities, when a student is absent from school for more than 5 days a member of school staff will be required to carry out a safe and well check on the child.

Home visits are important in helping the school to make contact with new or hard to reach families. They are particularly useful as they enable parents, carers or guardians to have contact with school, but in their own environment.

Home visits are used when:

- Students are refusing to come to school
- When there are attendance issues/concerns
- When students are being educated at home
- When all other means of contact with the family has failed
- To try and establish that a child is safe if they are absent from school and attempts to contact parents, carers or guardians have not elicited a response and we have any welfare or safeguarding concerns for the student.
- To work with parents, carers or guardians to support a child with an attendance issue.
- To collect from or drop off a child where there are concerns for a child's welfare if they travelled by other means.
- To drop off or collect work for a child when they are completing schoolwork from home e.g. following a suspension, exclusion or medical issue.
- To visit a child who has been off school for a period of time, for example due to medical issues, so that they do not feel isolated from school.
- To investigate situations where there are suspicions that someone may be on holiday contrary to earlier indications.
- Where there are safeguarding concerns about a student – on the first day of absence where no reason for absence has been ascertained
- Where there are safeguarding concerns about a student – on the third day of absence where no reason for absence has been ascertained
- For students who are absent from school for 5 days where no reason for absence has been ascertained, this can be completed earlier if there are concerns raised

Where a child is absent from school for a prolonged period, school staff must ensure they see the child at least weekly. Ideally, this is to be completed face to face, however where distance may be a concern this could be conducted remotely, however the child must be seen, not just parent(s)/carer(s). This does not apply to students who have requested a leave of absence, either authorised or unauthorised unless there are specific safeguarding concerns. Where a child is hospitalised, it is appropriate for a member of staff to liaise with medical professionals to establish the wellbeing and safety of the child.

6. Supporting Attendance and Punctuality

The Trust and our schools set high expectations of excellent attendance for all students. We strive to work with students and families in a supportive manner to remove any barriers to excellent attendance and punctuality; endeavouring to make mutually agreeable and reasonable adjustments and implement interventions to support this approach.

6.1 Attendance Intervention

In order to ensure the school has effective procedures for managing attendance and absence the school and Trust will follow a 'Graduated Response' (appendix I and J). Schools may also:

- Establish a range of specific, evidence-based interventions to address barriers to attendance.

- Monitor the implementation and quality of escalation procedures and seek robust evidence of the escalation procedures that work.
- Consider if an Early Help Assessment is appropriate
- Attend or lead attendance reviews in line with escalation procedures and develop an Attendance Support Plan
- Establish robust escalation procedures which will be initiated before absence becomes a problem by:
 - Sending letters to parents.
 - Engaging with LA attendance teams.
 - Using fixed penalty notices.
 - Arranging attendance support clinics.

6.2 Working with parents to improve attendance

All students and parents/carers are urged to contact the school if they feel that they are facing any such challenges. Parents should contact Dena Moore, Attendance officer (attendance@bb-hs.co.uk) in the first instance.

The school will work to cultivate strong, respectful relationships with parents and families and work to build Trust and engagement. Open and honest communication will be maintained with students and their families about the expectations of school life, attendance and performance so that they understand what to expect and what is expected of them. The school will liaise with other agencies working with students and their families to support attendance, e.g. social services.

The school will ensure that there are two sets of emergency contact details for each student wherever possible to ensure the school has additional options for getting in touch with adults responsible for a student where the student is absent without notification or authorisation.

The school will ensure that parents are aware of their legal duty to ensure that their child attends school regularly and to facilitate their child's legal right to a full-time education – parents will be made aware that this means their child must attend school every day that it is open, save for in certain circumstances, e.g. sickness or absences that have been authorised by the headteacher in advance. The school will regularly inform parents about their child's levels of attendance, absence and punctuality, and will ensure that parents are aware of the benefits that regular attendance at school can have for their child educationally, socially and developmentally.

If a pattern of absence becomes problematic, the attendance officer will work collaboratively with the student and their parents to improve attendance by addressing the specific barriers that prevent the student from being able to attend school regularly. The school will always take into consideration the sensitivity of some of the reasons for student absence and will approach families to offer support rather than immediately reach for punitive approaches.

Where these barriers are related to the student's experience in school, e.g. bullying, the attendance officer will work with any relevant school staff, e.g. the DSL and SENDCO, HoY to address this. Where the barriers are outside of the school's control, e.g. they are related to issues within the student's family, the attendance officer will liaise with any relevant external agencies or authorities, e.g. children's social care or the LA, and will encourage parents to access support that they may need.

6.3 SEND- and health-related absences

We recognise that students with SEND and/or health conditions, including mental health issues, may face greater barriers to attendance than their peers, and will incorporate robust procedures to support students who find attending school difficult.

In line with the SEND Policy and Supporting Students with Medical Conditions Policy, the school will ensure that reasonable adjustments are made for students with disabilities to reduce barriers to attendance, in line with any EHCP plans or IHCPs that have been implemented. The school will secure additional support from external partners to help bolster attendance where appropriate.

Where the school has concerns that a student's non-attendance may be related to mental health issues, parents will be contacted to discuss the issue and whether there are any contributory factors to their child's lack of attendance. Where staff have a mental health concern about a student that is also a safeguarding concern, they will inform the DSL and the Child Protection and Safeguarding Policy will be followed. All students will be supported with their mental health in accordance with the school's Social, Emotional and Mental Health (SEMH) Policy.

If a student is unable to attend school for long periods of time due to their health, the school will:

- Inform the LA if a student is likely to be away from the school for more than **15** school days.
- Provide the LA with information about the student's needs, capabilities and programme of work.
- Help the student reintegrate at school when they return.
- Make sure the student is kept informed about school events and clubs.
- Encourage the student to stay in contact with other students during their absence.

The school will implement an Attendance Support Plan to help any students with SEND and/or health issues cope with the stress and anxiety that attending school may cause them. Such plans will be regularly monitored and reviewed until the student is attending school as normal and there has been signs of significant improvement.

6.4 Persistent Absence PA (attendance less than 90%)

There are various groups of students who may be vulnerable to high absence and PA, such as:

- Children in need
- LAC
- PP
- Young carers
- Students who are eligible for FSM
- Students with EAL
- Students with SEND
- Students who have faced bullying and/or discrimination

The school will ensure it provides support to students at risk of PA, in conjunction with all relevant external authorities where necessary.

The school will use a number of methods to help support students at risk of PA to attend school. These may include:

- Offering catch-up support to build confidence and bridge gaps in learning.
- Meeting with the student and their parent to discuss patterns of absence, barriers to attendance, and any other problems they may be having.
- Establishing plans to remove barriers and provide additional support.
- Leading weekly check-ins to review progress and assess the impact of support.
- Making regular contact with the student’s parent to discuss progress.
- Assessing whether an EHCP plan or IHCP may be appropriate.
- Considering whether an Early Help Assessment may be appropriate
- Considering what support for re-engagement might be needed, including with regard to additional vulnerability.

The school will focus particularly on students who are severely absent (attendance less than 50%) and will work with the LA and other partners to engage all relevant services needed to identify and address the wider barriers to attendance these students are facing.

Where a student at risk of PA is also at increased risk of harm, the school will work in conjunction with all relevant authorities, e.g. social services, to support the student in line with the school’s duty of care. The school will also bear in mind that the continuation of severe PA following intervention may, in itself, constitute neglect, and will escalate any concerns in this regard in line with the Child Protection and Safeguarding Policy.

6.5 Legal Intervention

The school will allow sufficient time for attendance interventions and engagement strategies to improve students’ attendance; however, where engagement strategies to improve attendance have not had the desired effect or parents fail to engage in the support being offered, the Attendance Officer will consider statutory action. This may involve requesting the LA to issue a fixed penalty notice (fine); referring to the LA for prosecution as a final resort and referring to children’s social care where there are safeguarding concerns.

Fixed penalty notices can be issued for a variety of reasons and thresholds for such vary according to each Local Authority. Parents should refer to Local Authority websites for further information.

The Trust expects all schools to follow the local authority Penalty Notice Code of Conduct and thresholds for issuing penalty notice fines.

	Term time holiday	Lateness (after register has closed)	Unauthorised absence
Staffordshire County Council	1 day or more	10 lates in a 12-week period-does not have to be consecutive sessions	20 sessions (10 days) in a 12-week period -does not have to be consecutive sessions
Derbyshire County Council	2 days or more	Attendance less than 90%	

Further information on legal intervention can be found in 'Working together to improve school attendance' DFE Sept 2022

[Working together to improve school attendance \(publishing.service.gov.uk\)](https://publishing.service.gov.uk)

7.0 Monitoring and Analysing Attendance and Punctuality

The Strategic Lead for Attendance in each school will monitor and analyse attendance data **weekly** to ensure that intervention and support is delivered quickly to address attendance issues.

The school will collect and report attendance data to the Trust Strategic Attendance Manager, Governors, School's Senior Leadership Team, lead professionals for vulnerable groups (e.g PP, SENDCO, EAL, heads of year etc) at least half-termly. The Trust Strategic Attendance Manager will in turn collect and report attendance data to the CEO and Trust Board at least termly.

Data collected and analysed will include data for attendance, persistent absence and severe absence:

- The school cohort as a whole
- Individual year groups
- Students from vulnerable groups – PP, FSM, SEND, EHCP, EAL, SW, LAC
- Any other groups deemed to be at risk of poor attendance

The School Strategic Lead for Attendance and the Trust Strategic Attendance Manager will conduct thorough analysis of the data half-termly, termly and annually to identify patterns and trends; individual or groups of students needing support/intervention. Analysis is then used to develop and implement action plans/interventions to improve attendance.

Analysis will also include identification of:

- Types of absence (codes)
- Patterns in days of absence
- Lessons which have poor attendance
- Barriers to attendance

The School Strategic Lead for Attendance and the Trust Strategic Attendance Manager will conduct thorough analysis of the data half-termly, termly and annually to identify patterns and trends; individual or groups of students needing support/intervention. Analysis is then used to develop and implement action plans/interventions to improve attendance.

Analysis will also include identification of:

- Types of absence (codes)
- Patterns in days of absence
- Lessons which have poor attendance
- Barriers to attendance

Attendance data will be bench marked against national data. The Trust Strategic Attendance Manager for Attendance visits each school within in the Trust at least termly to review attendance data, analysis, trends, impact of intervention and progress towards targets.

Schools are legally required to share information from their attendance registers with the local authority and in the future with the DFE.

8.0 Children Missing in Education

Where a student has been absent from school for a period of **20** consecutive school days without authorisation or has not returned within **10** days after an authorised absence a student can be removed from the admissions register when the school and LA have failed to establish the whereabouts of the students.

9.0 Reduced Timetables

Placing a student on a reduced timetable may be used as a strategy to support a student who is finding attending school a challenge. The use of part time or reduced timetables are used as a short term (ideally for no more than **6 weeks**) measure to ensure the successful return to full time education. The decision to place a student on a reduced timetable must be approved by the School's Strategic Lead for Attendance and will be monitored by the Trust Strategic Attendance Manager. These students must also be reported to the LA.

10.0 Flexi-Schooling and Home Education

Parents are within their rights to make requests for flexi-schooling arrangements or to home educate their children. Any such requests should be discussed with the head teacher. However, it is the ethos of the JTMAT that children are best placed to learn in school and therefore requests for flexi-schooling arrangements will not be granted and home education discouraged.

11.0 Summary

JTMAT and its schools are committed to promoting excellent school attendance for all its students (both of statutory and non-statutory school age). We are also committed to working in a collaborative and supportive manner with students, families, external agencies and other schools and Trusts to support excellent attendance.

Appendix A: Definition of Parental Responsibility

Taken from [Parental rights and responsibilities: Who has parental responsibility - GOV.UK](https://www.gov.uk/government/topics/parental-rights-responsibilities) (www.gov.uk)

Who has parental responsibility

A mother automatically has [parental responsibility](#) for her child from birth.

A father usually has parental responsibility if he's either:

- married to the child's mother
- listed on the birth certificate (after a certain date, depending on which part of the UK the child was born in)
-

You can [apply for parental responsibility](#) if you do not automatically have it.

Births registered in England and Wales

If the parents of a child are married when the child is born, or if they've jointly adopted a child, both have parental responsibility.

They both keep parental responsibility if they later divorce.

Unmarried parents

An unmarried father can get parental responsibility for his child in 1 of 3 ways:

- jointly registering the birth of the child with the mother (from 1 December 2003)
- getting a parental responsibility agreement with the mother
- getting a parental responsibility order from a court

Births registered in Scotland

A father has parental responsibility if he's married to the mother when the child is conceived, or marries her at any point afterwards.

An unmarried father has parental responsibility if he's named on the child's birth certificate (from 4 May 2006).

Births registered in Northern Ireland

A father has parental responsibility if he's married to the mother at the time of the child's birth.

If a father marries the mother after the child's birth, he has parental responsibility if he lives in Northern Ireland at the time of the marriage.

An unmarried father has parental responsibility if he's named, or becomes named, on the child's birth certificate (from 15 April 2002).

Births registered outside the UK

If a child is born overseas and comes to live in the UK, parental responsibility depends on the UK country they're now living in.

Same-sex parents

Civil partners

Same-sex partners will both have parental responsibility if they were civil partners at the time of the treatment, eg donor insemination or fertility treatment.

Non-civil partners

For same-sex partners who are not civil partners, the 2nd parent can get parental responsibility by either:

- [applying for parental responsibility](#) if a parental agreement was made
- becoming a civil partner of the other parent and making a parental responsibility agreement or jointly registering the birth

Appendix B: Definition of Statutory (compulsory) School Age

Children must get an education between the school term after their 5th birthday and the last Friday in June in the school year they turn 16.

5 years old

Your child is of "compulsory school age" on the 1st January, 1st April or 1st September following their 5th birthday. Children becoming **5 years old** between 1st January and 31st March are of compulsory school age at the beginning of the term after 1st April.

Notes:

We manage attendance for all students the same regardless of their age. This includes using the same register coding for attendance and absence.

Taken from 'Working Together to Improve School Attendance' DFE Sept 2022

Present

Relevant regulation: 6(1)(a)(i)

Code / \: Present in school / = am \ = pm

204. Students must not be recorded as present if they are not in school during registration. If a student were to leave the school premises after registration, they will still be counted as present for statistical purposes.

Code L: Late arrival before the register is closed

205. Schools should actively discourage late arrival and be alert to patterns of late arrival. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a student will be marked as absent. This should be the same for every session and depending on the structure of the school day not longer than either 30 minutes after the session begins, or the length of the form time or first lesson in which registration takes place. A student arriving after the register has closed should be recorded as absent using code U, or another absence code that it is more appropriate.

Absent

Authorised Absence from School

Relevant regulation: 6(1)(ii), 6(1)(b), 6(2), 7(1) and 7(2)

206. Authorised absence means that one of a specific set of circumstances applies, as set out below:

Code C: Leave of absence granted by the school

207. Only exceptional circumstances warrant granting a leave of absence. Wherever referred to in this guidance a leave of absence should not be, and from certain types of schools must not be, granted unless it has been applied for in advance by the parent who the student normally lives with and the headteacher believes the circumstances to be exceptional. Schools must consider each application for a leave of absence individually considering the specific facts and circumstances and relevant background context behind each request. Where a leave of absence is granted, the school will determine the number of days a student can be absent from school. A leave of absence is granted entirely at the headteacher's discretion.

208. Specific leaves of absence may also be granted where:

A student is participating in a performance

209. A school maintained by a local authority or a special school not maintained by a local authority can grant leave of absence for a student to undertake employment during school hours for the purpose of taking part in a performance, within the meaning of section 37 of the Children and Young Persons Act 1963 if the local authority has given the student a licence for that performance.

210. Legislation sets out that a local authority licence must be obtained before a child can take part in a performance. There are some exemptions, including the granting of Body of Persons Approval (BOPA). BOPAs can be issued by the local authority where a performance is to take place, or by the Secretary of State (generally only if there are to be many children involved and a number of different locations, but legislation does not limit this to those situations).

211. Schools should be sympathetic to requests for leave of absence that are supported by a licence or a BOPA; as long as the school remains satisfied that this will not have a negative effect on a student's education. Where the licence specifies the dates that a student is to be away from school to perform, the school should record the absence for those days as if a leave of absence had been applied for and granted. However, where the terms of the licence or BOPA do not specify dates, it is at the discretion of the headteacher to grant leave of absence.

A student is subject to a temporary part-time timetable

212. All students of compulsory school age are entitled to a full-time education. In very exceptional circumstances, where it is in a student's best interests, there may be a need for a temporary part-time timetable to meet their individual needs. For example, where a medical condition prevents a student from attending full-time education and a part-time timetable is considered as part of a re-integration package. A part-time timetable should not be used to manage a student's behaviour.

213. A part-time timetable must only be in place for the shortest time necessary and not be treated as a long-term solution. Any pastoral support programme or other agreement should have a time limit by which point the student is expected to attend full-time, either at school or alternative provision. There should also be formal arrangements in place for regularly reviewing it with the student and their parents. In agreeing to a part-time timetable, a school has agreed to a student being absent from school for part of the week or day and therefore must treat absence as authorised.

A student is pregnant

214. Leave for maternity is treated like any other leave of absence. We would expect schools to act reasonably and grant a sufficient period of leave from school, taking into consideration the specific circumstances of each case. Ultimately it is at the headteacher's discretion how much leave to grant.

Code H: leave of absence for the purpose of a family holiday granted by the school

215. Parents should plan their holidays around school breaks and avoid seeking permission from schools to take their children out of school during term time unless it is absolutely unavoidable.

216. An application for leave of absence should (and from certain schools must) not be granted unless it is made in advance by a parent the student normally lives with and the school is satisfied that there are exceptional circumstances based on the individual facts and circumstance of the case which justify the leave. Where a leave of absence is granted, the school will determine the number of days a student can be absent from school. A leave of absence is granted entirely at the headteacher's discretion.

Code E: Excluded but no alternative provision made

217. If no alternative provision is made for a student to continue their education whilst they are suspended from school or excluded from school, but their name is still entered in the admission register.

218. When a student of compulsory school age is suspended or permanently excluded from a maintained school, student referral unit, academy, city technology college, or city college for the technology of the arts, alternative provision must be arranged from the sixth consecutive day of any suspension or exclusion. Where alternative provision is made schools should record this using the appropriate code for attending an approved educational activity.

Code I: Illness (not medical or dental appointment)

219. Schools should advise parents to notify them on the first day the child is unable to attend due to illness. Schools must record absences as authorised where students cannot attend due to illness (both physical and mental health related).

220. In the majority of cases a parent's notification that their child is ill can be accepted without question or concern. Schools should not routinely request that parents provide medical evidence to support illness. Schools are advised not to request medical evidence unnecessarily as it places additional pressure on health professionals, their staff and their appointments system particularly if the illness is one that does not require treatment by a health professional. Only where the school has a genuine and reasonable doubt about the authenticity of the illness should medical evidence be requested to support the absence.

221. Students with long term illness or other health needs may need additional support to continue education, such as alternative provision arranged by the local authority. Local authorities are responsible for arranging suitable education for children of compulsory school age who, because of health reasons, would otherwise not receive suitable education. This applies whether or not the child is registered at a school and whatever type of school they attend. The education must be full-time or as close to full-time as the child's health allows. DfE's statutory guidance on ensuring a good education for children who cannot attend school because of health needs sets out that local authorities should provide education as soon as it is clear that the child will be away from school for 15 days or more, whether consecutive or cumulative. Local authorities should have a named officer responsible for the education of children with additional health needs.

Code M: Medical or dental appointment

222. Schools should encourage parents to make appointments out of school hours. Where this is not possible, they should get the school's agreement in advance and the student should only be out of school for the minimum amount of time necessary for the appointment.

223. If a student is present at registration but has a medical appointment during the session in question, no absence needs be recorded for that session.

Code R: Religious observance

224. Schools must record absence as authorised when it falls on a day that is exclusively set apart for religious observance by the parents' religious body (not the parents).

225. As a general rule, we would interpret 'a day exclusively set apart for religious observance' as a day when the student's parents would be expected by the religious body to which they belong to stay away from their employment in order to mark the occasion. If in doubt, schools should seek advice from the parent's religious body about whether it has set the day apart for religious observance.

226. If a religious body sets apart a single day for a religious observance and the parent applies for more than one day, the school may only record one day as authorised on this basis; the rest of the request would be a leave of absence, and this is granted at the school's discretion as set out under Code C.

227. Schools and local authorities may seek to minimise the adverse effects of religious observance on a student's attendance and attainment by considering approaches such as:

- Setting term dates around days for religious observance;
- Working with local faith groups to develop guidance on absence for religious observance;
- Schools taking INSET days that coincide with religious observance days; and
- Providing individual support for students who miss sessions on days exclusively set apart for religious observance.

Code S: Study leave

228. Study leave should not be granted by default once tuition of the exam syllabus is complete, it should be used sparingly and only granted to Year 11 students during public examinations. If schools do decide to grant study leave, provision must still be made available for those students who want to continue to come into school to revise.

229. As study leave is unsupervised it must be recorded as absence.

Code T: Traveller absence

230. A number of different groups are covered by the generic term traveller – Roma, English and Welsh Gypsies, Irish and Scottish Travellers, Showmen (fairground people) and Circus people, Bargees (occupational boat dwellers) and New Travellers.

231. This code should not be used for general absences by those groups. It must only be used when the student's parent(s) is travelling for occupational purposes and the school has granted a leave of absence following a request from the parent. This code should not be used to record any other types of absence by these groups.

232. Students from these groups whose parent(s) do not travel for occupational purposes are expected to attend school as normal. They are subject to the same rules as other students in terms of the requirements to attend school regularly once registered at a school.

233. Where a student has no fixed abode because their parent(s) is engaged in a business or trade that requires them to travel, there is an expectation that the student attends at least 200 sessions per year. The student must attend school as regularly as the business permits and therefore, if the business or trade permits the student to attend for more than 200 sessions per year, they should do so.

234. To help ensure continuity of education for students, when their parent(s) is travelling for occupational purposes, it is expected that the student should attend school elsewhere when their parent(s) is travelling and be dual registered at that school and their main school.

Unauthorised Absence from School

Relevant regulation: 6(1)(ii) and 6(3)

235. Unauthorised absence is where a student's absence is not one of the types of absence listed as authorised in regulation 6(2) or where the reason for a student's absence has not been provided and cannot be established.

Code G: Holiday not granted by the school or in excess of the period determined by the school

236. Where the school has not granted a leave of absence for the purpose of a holiday but the parents still take the child out of school, or the child is kept away longer than the period of leave granted.

237. A school cannot grant a leave of absence retrospectively. If the parent did not apply in advance, leave of absence should not (and from certain types of school cannot) be granted.

Code N: Reason for absence not yet provided

238. Schools must follow up all unexplained and unexpected absence in a timely manner.

239. Every effort should be made to establish the reason for a student's absence. When the reason for absence has been established the school should record the student's absence using the relevant code.

240. Where absence is recorded as unexplained in the attendance register, the correct code should be inputted as soon as the reason is ascertained, but no more than 5 working days after the session. Code N should not therefore be left on the student's attendance record indefinitely; if a reason for absence cannot be established after 5 working days, schools should amend the student's record to Code O.

Code O: Absent without authorisation

241. Where no reason for absence is established or the school is not satisfied that the reason given is an authorised absence.

Code U: Arrived in school after registration closed

242. Where a student has arrived late after the register has closed and the school is not satisfied that the reason for lateness is an authorised absence.

243. Schools should actively discourage late arrival, be alert to patterns of late arrival and seek an explanation from the parent. All schools are expected to set out in their attendance policy the length of time the register will be open, after which a student will be marked as absent. This should be the same for every session and depending on the structure of the school day not longer than either 30 minutes after the session begins, or the length of the form time or first lesson in which registration takes place.

Attending an approved educational activity

Relevant regulation: 6(1)(a)(iii), 6(1)(c), and 6(4)

244. An approved educational activity is where a student is attending another school at which they are registered or taking part in off-site activity such as field trips, educational visits, work experience or unregistered alternative provision.

245. Students can only be recorded as attending an off-site activity if it is approved by the school, of an educational nature and supervised by someone authorised by the school. Ultimately, schools are responsible for the safeguarding and welfare of students taking part in an off-site educational activity so it would be reasonable to expect that the school would only authorise someone who was answerable to the school to supervise an activity.

246. The activity must take place during the session for which it is recorded and for students of compulsory school age the school must record the nature of the activity.

Attending another school at which the student is registered

Relevant regulation: 6(1)(a)(iii) and 6(4)(b)

Code D: Dual registered at another school

247. The law allows for a student to be registered at more than one school. This code is used to indicate that the student was not expected to attend the school in question because they were scheduled to attend the other school at which they are registered. The main examples of dual registration are students who are attending a student referral unit, a hospital school or a special school on a temporary basis.

248. Each school should only record the student's attendance and absence for those sessions that the student is scheduled to attend their school. Schools should ensure that they have in place arrangements whereby all unexpected and unexplained absence are promptly followed up.

Attending an educational activity that takes place outside the school

Relevant regulation: 6(1)(iii), 6(1)(c) and 6(4)(a)

Code B: Off-site educational Activity

249. Attending an off-site educational activity that has been approved by the school and supervised by someone authorised by the school.

250. For students of compulsory school age, schools must also record the nature of the activity, examples are:

- attending taster days at other schools;
- attending courses at college;
- attending unregistered alternative provision arranged or agreed by the school.

251. The educational activity must take place during the session for which it is recorded.

252. Ultimately schools are responsible for the safeguarding and welfare of students educated off-site. Therefore, by using code B, schools are certifying that the education is supervised, and measures have been taken to safeguard the student. Schools should ensure that they have in place arrangements whereby the provider of the educational activity notifies the school of any

absences by the student. The school should record the student's absence using the relevant absence code.

253. This code must not be used for any unsupervised educational activity i.e., when a student is at home doing some schoolwork.

Code J: At an interview with prospective employers, or another educational establishment

254. Attending an interview with prospective employers or another educational establishment. Schools should be satisfied that the interview is linked to employment prospects, further education, or transfer to another school.

255. This must take place during the session for which it is recorded.

Code P: Participating in a supervised sporting activity

256. Taking part in a sporting activity that has been approved by the school. If schools have concerns about the appropriateness of an activity, they can seek advice from the sports' national governing body. However, the final decision on approving the activity rests with the school and they should take the effect on the student's general education into account.

257. The sporting activity must take place during the session for which it is recorded.

258. Approved educational activity must be supervised by a person authorised by the school. Schools should ensure that they have in place arrangements whereby the provider of the sporting activity notifies the school of any absence by the student. The school should record the student's absence using the relevant absence code.

Code V: Educational visit or trip

259. Attendance at an organised visit or trip, including residential trips organised by the school, or attendance at a supervised trip of a strictly educational nature arranged by an organisation approved by the school.

260. The educational visit or trip must take place during the session for which it is recorded.

261. Approved educational activity must be supervised by a person authorised by the school. Schools should ensure that they have in place arrangements whereby the organiser of the visit or trip notifies the school of any absence by the student. The school should record the student's absence using the relevant absence code.

Code W: Work experience

262. Work experience is for students in the final 2 years of compulsory school age.

263. The work experience must take place during the session for which it is recorded.

264. Approved educational activity must be supervised by a person authorised by the school. Schools should ensure that they have in place arrangements whereby the provider of the work experience notifies the school of any absence by the student. The school should record the student's absence using the relevant absence code.

Unable to attend due to exceptional circumstances

Relevant regulation: 6(1)(iv), 6(1)(d), 6(5), 6(7) and 6(2)(b)(i)

Code Y: Unable to attend due to exceptional circumstances

265. Where a student is unable to attend school because:

- the school site or part of it, is closed due to an unavoidable cause at a time when students are due to attend; or

- the transport provided by the school or a local authority is not available and the student's home is not within safe walking distance; or
- a local or national emergency has resulted in widespread disruption to travel which has prevented the student from attending school.
- 266. Schools must also record the nature of the circumstances in which a student is unable to attend school.

Walking distance

267. In relation to a child under the age of 8, means 2 miles, and for a child of 8 or above, means 3 miles. In each case measured by the nearest available safe route.

Student in custody

268. Code Y is also used where the student is in custody; detained under a court order for a period of less than 4 months or is returning to the school at the end of their custodial period.

Administrative codes

Code X: Non-compulsory school age student not required to be in school

269. Where a student not of compulsory school age is attending school part-time.

270. For example, where parents have chosen for their 4 year-old child to attend part-time until later in the school year but not beyond the point at which the child reaches compulsory school age.

Code Z: Prospective student not on admission register

271. To enable schools to set up registers in advance of students joining the school to ease administration burdens.

272. Schools must enter a student's name on the admission register from the first day that the school has agreed, or been notified, that the student will attend the school.

273. In the normal admissions round, when parents have accepted the school place offered, the local authority can inform schools on behalf of the parents and notify the school when the parent has agreed that the student will attend school. This can also be the case where the local authority co-ordinates in-year applications for school places.

274. If a student fails to attend on the agreed starting day, the school must establish the reason and record the student's absence using the relevant absence code.

Code #: Planned whole or partial school closure

275. Whole school closures that are known and planned in advance such as:

- days between terms;
- half terms;
- occasional days (for example, bank holidays);
- weekends (where it is required by the management information system);
- up to 5 non-educational days; and
- use of school as a polling station.

276. Partial school closures that are known and planned in advance such as:

- 'staggered starts' or 'induction days' where different term dates have been agreed for different year groups - this code is used to record the year group(s) that is not due to attend; and
- Use of part of the school as a polling station

The school may seek advice from the Trust Strategic Attendance Manager and liaise with the head teachers of schools' siblings attend. Requests for leave in exceptional circumstances should be made at least 2 weeks in advance of the event. Retrospective approval for absence cannot be granted. Parents do not have the right of appeal if a request for a leave of absence is declined, the head teacher's decision is final. Leave of absence will NOT be granted for students who have already been absent from school for 6 days or more, regardless of the reasons for previous absence. Leave of absence will NOT be granted for students when the requested leave of absence will mean that they will have absence amounting to 6 days or more. Leave of absence will NOT be granted for holidays during term time regardless of circumstances. Where leave of absence is NOT authorised and parents decide to take students out of school despite the school's decision, absence will be recorded as unauthorised and subject to a fixed penalty notices (fine). <i>Should a Fixed Penalty Notice be issued, the fine applies to 'per parent/carer and per child'. This is regardless of who applied for the leave of absence and where the child usually resides. Your local council can give each parent a fine of £60, which rises to £120 each if you do not pay within 21 days. If you do not pay the fine after 28 days, you may be prosecuted for your child's absence from school.</i> If the school grants a leave of absence request and subsequently obtains evidence that indicates an application was falsified, the school reserves the right to amend the child's attendance records to record the absence as unauthorised and apply for the issuing of a fixed penalty notice. Where a student fails to return to school after an agreed period of leave of absence, absence will be recorded as unauthorised, a fixed penalty notice (fine) requested and they may be reported to the Local Authority as 'A Child Missing in Education' and potentially lose their place at the school. Schools are under no obligation to provide work for students who are absent from school, unless parents/carers have received a licence from the LA for their child to take part in sporting/arts/theatre events as part of professional organisation, as detailed above.

140. The school admission register, sometimes known as the 'the school roll', must be kept in accordance with regulation 5 of the Education (Student Registration) (England) Regulations 2006 as amended.

141. The names of all students (both compulsory and non-compulsory school age) must be entered on the admission register.

142. The definition of a student is set out in section 3 of the Education Act 1996 – but includes anyone who is receiving an education at the school except a person who is 19 or over for whom further education is being provided, or a person for whom part-time education suitable for people over compulsory school age is being provided.

Student Information

147. Schools must record personal details of every student at the school in the admission register. The register must include the following information for every student:

- full name;
- sex;
- the full name and address of each of the student's parents;

which of the student's parents the student normally lives with and at least one telephone number by which each parent who the student normally lives with can be contacted in an emergency. DfE's advice is that where reasonably practicable, schools should hold an emergency contact number for more than one person for each student;

- day, month and year of birth;
- day, month and year of admission or re-admission to the school;
- name and address of the school last attended, if any.

148. Where the school has boarding students, the admission register must state whether each student of compulsory school age is a boarder or a day student.

Students with a new address and/or school

149. Where a parent of a student informs the school that the student will live at another address, whether in addition to or instead of the address at which the student currently lives, the school must ensure that the admission register contains:

- the full name of the parent the student will normally live with;
- the address; and
- the date when the student will start normally living there.

150. Where a parent of a student informs the school that the student is registered at another school or will be attending a different school, the school must ensure that the admission register contains:

- the name of the other school;
- the date when the student began or will begin attending that school.

Maintaining the Admission Register

151. It is vital that the admission register is kept up to date. Schools should encourage parents to inform them of any changes whenever they occur and ensure the admission register is amended as soon as possible.

Appendix G: Grounds for Deleting a Student from the Admissions Register

Taken from 'Working Together to Improve School Attendance' DFE Sept 2022

152. A student's name can only be deleted from the admission register for a reason set out in regulation 8 of the Education (Student Registration) (England) Regulations 2006 as amended. A student's name must not be removed for any other reason and doing so would constitute off-rolling.

153. In accordance with regulation 12(6) of the Education (Student Registration) (England) Regulations 2006 as amended, a school must notify the local authority when a student's name is to be deleted from the admission register under any of the reasons set out in regulation 8, as soon as the student's name is to be deleted. This does not apply where the student's name is deleted after they have completed the school's final year (for example, students who leave primary school at the end of Year 6), unless the local authority requests such information.

154. Where a school notifies the local authority that a student's name is to be deleted from the admission register, as set out in regulation 12(7), the school must provide the local authority with the following information:

- the full name of the student;
- the full name and address of any parent the student normally lives with;
- at least one emergency telephone number of any parent the student normally lives with;
- if applicable, the full name and address of the parent who the student is going to live with, and the date the student will start living there;
- if applicable, the name of the student's other school and when the student began or will begin to attend the school;
- the reason set out in regulation 8 under which the student's name is to be deleted from the admission register.

Deleting the name of a student of compulsory school age

155. The only reasons where a student's name shall be deleted are:

Ground A - a student has a School Attendance Order which has been changed to name another school or revoked - regulation 8(1)(a)

156. Where the student is registered at the school as a result of a school attendance order, but another school has now been named on that order or the order is revoked because arrangements have been made for the child to receive suitable full-time education for their age, ability and aptitude somewhere other than at a school.

157. Where a school attendance order remains in force, the student's name must not be deleted for other reasons until the order is revoked or the name of the school amended. This includes a request to electively home educate. If a parent has had their child registered at the school to comply with an order but the student does not attend, the school should discuss the case with the local authority and where appropriate take steps to secure the regular attendance of the child as they would with any other case of non-attendance.

Ground B - a student has been registered at another school - regulation 8(1)(b)

158. Where a student has been registered at another school, unless:

- a school attendance order naming the school is in force in relation to the student;
- the student is a child of no fixed abode and the school is their main school (see further details below); or
- the school has agreed that the student should be a registered student at more than one school.

Transfer between schools

159. Where a student is transferring to another school, the original school must delete a student's name from the admission register on the first day they are entered on the admission register of the new school. The new school must enter the student's name on the admission register on the first day that it has agreed the student will attend the school. For example, if a student is due to leave school A on 28 March and start at school B on 29 March they would be added to the admission register of School B and deleted from that of School A on 29 March.

School A will:

- record the student's attendance and absence up to and including the 28 March;
- delete the student's name from the admission register on 29 March;
- transfer the appropriate student information via the S2S system.

School B will:

- enter the student's name on the admission register on 29 March;
- record the student's attendance and absence from 29 March;
- follow up any unexpected absence on or after the 29 March; and
- request the transfer of the student information.

160. There are a small number of exceptions, these are:

School Attendance Order (SAO)

161. If a school attendance order is in place for the student, and the name of the school has been replaced by the relevant local authority with that of another school, their name can be deleted from the admission register under the reason for deletion at ground A (regulation 8(1)(a)) but not under ground B.

Child of no fixed abode

162. Where a child of compulsory school age has no fixed abode because their parent's trade or business requires that parent to travel from place to place, they can temporarily attend another school without the need for the main school to remove their name (see regulation 9).

163. 'Main school' in this context means the school that, during the last 18 months, the child has attended during periods when their parent was not travelling in the course of their trade or business, or, if there is more than one school, the school that most recently fulfils those criteria (regulation 9).

Dual registration

164. In circumstances, where it has been agreed that the student will be registered at more than one school, the student's name will remain on the admission register. The main examples of dual registration are students who are attending another school on a temporary basis, such as a student referral unit, a hospital school or a special school.

Ground C - student is also registered at one or more other schools and the other schools have agreed the deletion - regulation 8(1)(c)

165. Where a student is registered at one or more other schools, and:

- the student has ceased to attend the school;
- each school where the student is registered has given consent to the deletion; and
- none of the following apply:
 - the student is a child of no fixed abode, and the school is their main school; or
 - the student has died (in this case the student's name is deleted under regulation 8(1)(j)); or
 - the student has been permanently excluded from the school (in this case the student's name is deleted under regulation 8(1)(m)).

Ground D - the parent of a student has notified the school in writing that a student is receiving education otherwise than at a school - regulation 8(1)(d)

166. Where a student has ceased to attend the school and the student's parent has informed the school in writing that the student is receiving education otherwise than at a school, unless a school attendance order naming the school is in force in relation to the student.

School Attendance Order (SAO)

167. If a SAO has been revoked because arrangements have been made for the child to receive suitable full-time education for their age, ability and aptitude somewhere other than at a school, the student's name can be deleted from the admission register under the reason for deletion at regulation 8(1)(a).

Ground E - a student no longer lives a reasonable distance from the school - regulation 8(1)(e)

168. Where a student has ceased to attend the school and no longer normally lives a reasonable distance from the school, and the student is not a boarder at the school.

169. In circumstances where parents are withdrawing their child but are unable to say how their child will continue with their education, for example, the family are relocating but have not been able to secure a place at a new school in advance, once the student has completed their final day at school and moved out of the area, the school must delete the student's name from the admission register and the student's information should then be transferred to the Lost Student Database via the S2S system.

Ground F - a student has not returned following a leave of absence - regulation 8(1)(f)

170. Where a student has been granted a leave of absence (under regulation 7) and the student has not attended school within the ten school days immediately after the end of the period granted, and:

- the school does not have reasonable grounds to believe that the student is unable to attend because of sickness or an unavoidable cause; and
- the school and the local authority have jointly made reasonable efforts to find out the student's location, but they have not succeeded.

171. DfE's guidance on Children Missing Education sets out the expectations for schools and local authorities in respect of making reasonable enquiries.

Ground G - a student is unlikely to return to school before ceasing to be of compulsory school age due to health reasons - regulation 8(1)(g)

172. Where a student is certified, by the school medical officer, as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither the student nor their parent has indicated to the school of any intention to continue attending the school after the student ceases to be of compulsory school age.

School medical officer

173. Regulations do not define who the school medical officer is. DfE would expect the school medical officer to be a person who is suitably qualified to make a professional medical judgement about whether a student is likely to be in a fit state of health to attend the school before ceasing to be of compulsory school age.

Ground H - a student has been continually absent from school for 20 school days - regulation 8(1)(h)

174. Where a student has been continuously absent from the school for a period of 20 school days or more and:

- at no point has the absence been authorised by the school (under regulation 6(2));

- the school does not have reasonable grounds to believe that the student is unable to attend because of sickness or an unavoidable cause; and
- the school and the local authority have jointly made reasonable efforts to find out the student's location, but they have not succeeded.

175. DfE's guidance on Children Missing Education sets out the expectations for schools and local authorities in respect of making reasonable enquiries.

Ground I - a student is in custody and detained for a period of more than 4 months - regulation 8(1)(i)

176. Where a student is detained in pursuance of a final order made by a court or of an order of recall made by the Secretary of State, and:

- that order is for a period of more than 4 months; and
- the school does not have reasonable grounds to believe the student will return to the school at the end of that period.

Ground J - a student has died - regulation 8(1)(j)

177. Where a student has died.

178. A student's name should only be deleted from the admission register when the school is informed of the death. This would normally come from the student's parent but it is possible that notification comes from another source, such as relatives or the police.

179. Once the school receives the information it should immediately delete the student's name to prevent inadvertent and unnecessary contact with the family about the child.

Ground K - student will cease to be of compulsory school age and will not continue into the sixth form - regulation 8(1)(k)

180. Where a student will no longer be of compulsory school age by the next time the school meets, and:

- the student's parent has indicated that the student will no longer attend the school; or
- the student does not meet the academic entry requirements for admission to the school's sixth form.

Compulsory school age

181. A student ceases to be of compulsory school age on the last Friday in June of the school year in which they reach the age of 16.

Ground L - a student has ceased to be a student at an independent school or non-maintained special school - regulation 8(1)(l)

182. Where a student has ceased to be a student and the school is not maintained by a local authority, an academy, a city technology college or a city college for the technology of the arts.

Ground M - a student has been permanently excluded from the school - regulation 8(1)(m)

183. Where a student has been permanently excluded from the school.

184. A student's name cannot be deleted from the admission register until the outcome of any consideration of reinstatement and independent review (in the case of a maintained school, student referral unit, or academy) or appeal (in the case of a city technology college or city college for the technology of the arts) is known.

Ground N - a student has not continued at the school following completion of nursery - regulation 8(1)(n)

185. Where a student has been admitted to the school to receive nursery education and on completing such education has not transferred to reception or a more senior class at the school.

Ground O - a student is a boarder at a maintained school or academy and their boarding fees have not been paid - regulation 8(1)(o)

186. Where a student is a boarder at the school and:

the school is maintained by a local authority or is an academy; and

- charges for the student's board and lodgings are payable by the student's parent; and
- those charges remain unpaid by the student's parent at the end of the school term to which they relate.

Deleting the name of a student of compulsory school age from a special school

Regulation 8(2)

187. Where a student is registered at a special school under arrangements made by a local authority, the student's name cannot be deleted without the consent of the local authority or, if the local authority refuses to give consent, without a direction from the Secretary of State, unless:

- the student is registered at the school as a result of a school attendance order, but school has now been named on that order or the order is revoked because arrangements have been made for the child to receive suitable full-time education for their age, ability and aptitude somewhere other than at a school, and the student's name is deleted under regulation 8(1)(a); or
- the student has died, and the student's name is deleted under regulation 8(1)(j); or
- the student has been permanently excluded from the school, and the student's name is deleted under regulation 8(1)(m).

Deleting the name of a student not of compulsory school age

188. The only reasons where the name of a student not of compulsory school age shall be deleted are:

Ground A - a student has ceased to attend or ceased to be a student at the school - regulation 8(3)(a)

189. Where a student has ceased to attend the school, or, in the case of a boarder, that the student has ceased to be a student at the school.

Ground B - a student has been continually absent from school for 20 school days - regulation 8(3)(b)

190. Where a student has been continuously absent from the school for a period of 20 school days or more and:

- at no point has the absence been agreed by the school;
- the school does not have reasonable grounds to believe that the student is unable to attend because of sickness or an unavoidable cause; and
- the school has made reasonable efforts to find out the student's location, but they have not succeeded.

Ground C - a student has died - regulation 8(3)(c)

191. Where a student has died.

192. A student's name should only be deleted from the admission register when the school is informed of the death. This would normally come from the student's parent but it is possible that notification comes from another source, such as relatives or the police.

193. Once the school receives the information it should immediately delete the student's name to prevent inadvertent and unnecessary contact with the family about the child.

Ground D - a student has not continued at the school following completion of nursery - regulation 8(3)(d)

194. Where a student has been admitted to the school to receive nursery education and on completing such education has not transferred to a reception or more senior class at the school.

Ground E - a student has been permanently excluded from the school - regulation 8(3)(e)

195. Where a student has been permanently excluded from the school.

196. A student's name cannot be deleted from the admission register until the outcome of any consideration of reinstatement and independent review (in the case of a maintained school, student referral unit, or academy) or appeal (in the case of a city technology college or city college for the technology of the arts) is known.

Appendix H: Grounds for Deleting a Student from the Admissions Register

Taken from 'Working Together to Improve School Attendance' DFE Sept 2022

197. All schools, except those where all the students are boarders, must keep an attendance register in accordance with regulation 6 of the Education (Student Registration) (England) Regulations 2006 as amended.

198. Schools must take the attendance register at the beginning of each morning session and once during each afternoon session. On each occasion they must record whether every student (with the exception of a student who is a boarder) is:

- Present;
- Absent;
- Attending an approved educational activity as defined in regulation 6(4); or
- Unable to attend school due to exceptional circumstances as defined in regulation 6(5).

199. Schools must record whether the absence of a student of compulsory school age is authorised or not. There is no requirement for schools to record whether the absence of students not of compulsory school age is authorised or not, but where possible schools should use the national attendance and absence codes to help them monitor their attendance and to form good attendance habits.

200. Schools must record the nature of the activity where a student of compulsory school age is attending an approved educational activity.

201. Schools must also record the nature of the circumstances where a student is unable to attend due to exceptional circumstances.

202. Schools cannot delete a student's name from the attendance register unless they have a reason (as set out in regulation 8 of the Education (Student Registration) (England) Regulations 2006 as amended) to delete the student's name from the admission register; the student's name must be deleted from both registers at the same time.
