

# WEEKLY ROUND-UP

BLYTHE BRIDGE HIGH SCHOOL & SIXTH FORM

MARCH 2024 - ISSUE 122

## TOMORROW'S TEACHERS

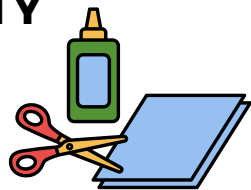

Sixth form students on our Tomorrow's Teachers programme have been visiting different educational facilities as part of the program, their first visit was to the Faculty of Education at Edge Hill University. Many thanks to everyone from the university who arranged the

tour and workshops including one on lesson planning. They then moved onto Kingsmead School. They have thoroughly enjoyed their time touring another school within our MAT, especially meeting some of the animals on their school farm. Thank you to the staff at Kingsmead School for inviting us.

## GETTING CRAFTY

A few more craft ideas were put together this week in the craft club. Well done team! If you fancy joining us, come along every Wednesday after school in N10.

## WELCOME

Our Year 11 students complete their full set of mock examinations today and the feedback from invigilators and other staff has been incredibly positive. Due to the number of different papers in so many subjects there have been some days where students have had three examinations but each one has been approached with such a positive and mature attitude we are incredibly proud of you all.

Mock results day is on Monday 18th March and we look forward to sharing these results with students and parents.

Mrs Johnson

#PRIDERESPECTKINDNESS

## FRENCH VISIT

We had a special visitor on Monday who came all the way from Nancy in France to talk to our students about the importance of languages and the impact they had on her new career pathway.

Lauren Ogden, one our alumni students who is now a lecturer at a French university, talked about her journey from being a student at Blythe Bridge High School & Sixth Form to her new life in France. Thank you Lauren for sharing your lovely memories and taking the time to talk to our students.

## NSPCC ROCKS CHAMPS

Congratulations to all Year 7 mathematicians who took part in NSPCC rocks week.

Well done to our 3 most 'valuable' players, who managed to earn the highest numbers of coins during the competition.

Most valuable player was Aviaana A, 2nd most valuable player was Olivia W and 3rd most valuable player was Poppy J. A fantastic effort, well done!

## A LEVEL ART VISIT

Last week our UHNM visit saw A level art students supporting the patients in an Easter card making workshop. Lots of creativity was unleashed, both students and patients

enjoyed the company - a great opportunity for our students to develop their leadership skills.

## REMINDER CAMPAIGN

Our student leaders have launched their latest initiative, their 'Reminder' campaign. Priorities have been identified and posters will be

displayed with key messages highlighted. Great idea team!

## KEELE UNIVERSITY TRIP

Last week, 43 Year 12 students travelled to Keele University for the day. They had talks on how to choose which universities to apply to, lots of information about Keele,

a student finance talk and a tour around the site. This will help the students to have something to compare future university trips to, as well as getting them to think about what needs to happen before they start applying in the autumn.

## BE EPIC CAMPAIGN

We have been recognised for five years of support for UHNM Charity as part of their new #BeEpic campaign.

It was a privilege to select a range of students from Years 7-10 to represent our school community, receiving the award on our behalf.

Watch this space for further plans to mark five years of Hug in a Bag. A huge thank you to every member of our school community who has contributed to this growing project.

## YEAR 9 LEADERS

This week some of our Year 9 leaders completed their whistlers training. They spent the morning learning the theory behind officiating and in the afternoon they were able to put their skills and knowledge into practice. Well done to them all for successfully completing the training.
